**CLIP:** Fatso vs. Two Men

**LOGLINE:** A wacky, weighty wife attacks her husband and winds up taking on him and his friend at the same time.

**Writer:** Anthony Ripo

### **ANNOUNCER (VO)**

This husband is in hot water with his portly wife...  
...after she catches him wasting money on cigarettes and beer...  
...instead of her dinner.

And judging by her size, she looks extremely underfed.  
The argument escalates, and the wide wife refuses to let go of her man.  
She starts dragging him home...or to the nearest McDonald's.  
But the husband gets hot...and that's when things get ugly.  
He tries to break free, but her gargantuan grip holds on.  
It's clear he's not getting away anytime soon.  
Just as it looks like he's giving in to feeding time...  
...the husband's friends swoops in to make the save...  
...and shoves the wife.

She budes...but still doesn't let go.  
She's holding onto her man tighter than a double Big Mac.  
The verbal exchange between the wife and husband's friend escalates...  
...and when she finally calls him a skinny jerk, he goes for a slap.  
His slap awakens the angrier blob within...  
...as the slaps begin to fly.

Finally the husband wises up and removes his shirt to break free.  
The friend retreats, fearing for his life.  
And now large Marge has her lanky husband by the pants.  
That's not the place he wants her to be pulling.  
After an endless stalemate, the police show up and take the caustic couple into custody.  
Hopefully the police offer the portly woman a meal at the station to calm her down.
